## Date Set For Junior Prom; 1 Million Dollar duPont Bequest To Athletic Program Announced By Pres. Killian At Convocation

Highlighting the traditional Field Day-Junior Prom week-end, the 1955 JP will be held at the Hotel Statler on Friday night, November 4. The '57 prom committee announced that

it has engaged the main ballroom and adjoining rooms. Tickets for the formal will be priced at eight dollars.

Charlie Spivak and his orchestra will play in the main room and a small jazz combo will furnish music at all times in the other rooms, according to Gerald L. Marwell '57 of the JP committee. In describing the entertainment scheduled for intermission, Marwell used the words, "big-time."

The Prom will be followed up by the traditional semi-formal, which will be at the Sherry-Biltmore Hotel on Saturday night. Hal Reeves' orchestra will provide the music. Tickets will be sold for one dollar.

At the first meeting of JP committee this term, Vivian Goldman '57 was elected to replace Joyce Rubbra, who has left the Institute. The committee is still debating a suggestion to elect a Prom Queen.

### Opera Scheduled For Auditorium On December 4

Baton Society, the honorary musical organization at the Institute, will sponsor the first performance of opera in the Kresge Auditorium on Sunday evening, December 4. The work to be performed is *Don Pasquale* by Donizetti, and it will be staged by the New England Opera Theater, leading opera company in New England with Boris Goldovsky, director and conductor. It will be the only Boston performance of *Don Pasquale* this season.

This is the second in a series of special musical events in the Kresge Auditorium under the sponsorship of Baton Society. The first was a performance last spring by the Boston Wind Quintet.

In keeping with Baton Society's policy, tickets will be very reasonably priced, and in order to enable Institute students to receive priority in obtaining seats there will be a special three-day sale to undergraduate and graduate students only, directly preceding the commencement of general sales.

Tickets will be available in early November, and announcement will be made soon regarding the date, cost of the tickets, and place where they may be purchased.

*Don Pasquale*, a comedy in three acts is nearly the last (composed in 1843) of some 60 odd operas written by Gaetano Donizetti (1796-1848). It is considered one of the finest Italian comic operas of the period.

The plot concerns a wealthy, old bachelor (Don Pasquale) who desires to wed, but who refuses to sanction his young nephew's (Ernesto) proposed marriage to a lovely widow (Norina). The Don is duped by his physician into marrying Norina, but

(Continued on page 6)

### Davis, Tucker Given Debating Society Awards

Two Stratton Awards, presented by the Humanities Department in conjunction with the Debating Society to encourage skill in organized debating, have been presented to Eugene Davis '55 and Allen Tucker '58, the winners of last year's competition. Named in honor of late President Samuel W. Stratton, the awards are in amounts of fifty dollars for the outstanding senior and forty dollars for the outstanding freshman.

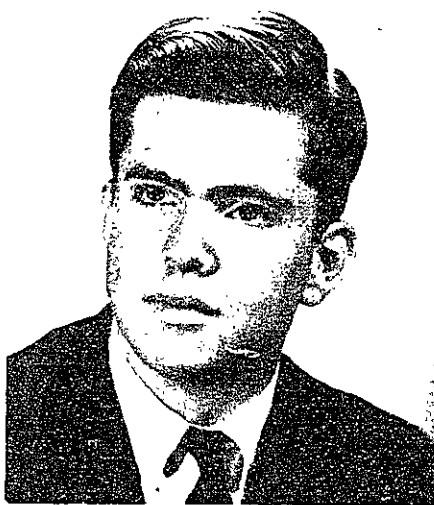

The Debating Society has announced that it will participate in a tournament to be held at the Institute as well as Boston City League tournaments with Emerson, BU, Harvard, and possibly others. This year's national subject for all college debates is as follows: Resolved: that the non-agricultural industries of the United States should guarantee their employees an annual wage.

A Debating Society Smoker open to freshmen and all others interested, as well as old members, will be held in the Faculty Lounge at 5:00 p.m., today.

A bequest of one million dollars for the improvement of athletic facilities at the Institute was announced yesterday at a general convocation by President James R. Killian, Jr.

The gift was made by the late David F. duPont, who would have been a senior in Course III this year had he not been killed in an automobile accident early last month. DuPont was the son of Lamont duPont '01, late president and chairman of the board of E. I. duPont de Nemours and Company, Inc., and long term member of the MIT corporation.

In announcing the bequest, Doctor Killian said, "This bequest emphasizes our feeling of tragedy in the loss of David duPont while at the same time leaving us with a feeling of the deepest appreciation for his generosity, his foresight, and his expression as a student of affection for the Institute." Doctor Killian indicated that the fund would be used both to maintain the quality of the athletic coaching and teaching staff and to provide new or improved athletic facilities.

David F. duPont

### Jill Corey Stars On New WMIT Pop Music Show

Yesterday evening at 11 p.m. WMIT presented the first in its new series of late evening popular music shows, the Jill Corey Show. Successor to last year's Patti, the program stars 19-year-old singer Jill Corey. It will be broadcast every evening, Monday through Friday, at eleven.

The program has many advantages over its predecessor. Miss Corey manages to keep the commercials to a minimum; in addition, she manages to get four records, usually including one of her own songs, into the fifteen-minute program. Miss Corey is also easy to listen to, she is very straightforward and sounds as if she really enjoyed doing the show. Listening to her is a pleasure, for she sounds like a close friend.

All things considered, the program is an unusually pleasant one to listen to. It is certainly a vast improvement over any similar nationally sponsored program that WMIT has presented.

### Railroads Topic of McGinnis Address

Patrick B. McGinnis, President of the New York, New Haven and Hartford Railroad, is to visit the Institute as the guest of the MIT Railroaders' Association. Mr. McGinnis will give a talk on "The Future Railroad" in the Little Theatre of Kresge Auditorium on Thursday, October 6, at 5:15.

Mr. McGinnis, who has headed the New York, New Haven and Hartford for about a year, has been prominent in both the administrative and development fields of the rail industry. In the developmental field, he has pushed the planning and manufacture for his firm of three experimental light weight trains. Final decision of which of the three types to adopt has been left to the line's passengers. Another of Mr. McGinnis' suggestions was the scaling of passenger rates to the cost of living.

Don K. Park '57, President of the MIT Railroaders' Association, stated that Mr. McGinnis was the first in a series of guest speakers that the association planned to present. The speakers will all be in the railroad- ing or allied industries.

### Padelford Named Political Science Section Chairman

Appointment of Professor Norman J. Padelford as chairman of the new Political Science Section at the Institute was recently announced by Dr. Julius A. Stratton, vice president and provost of the Institute.

The Political Science section, which has been established within the Department of Economics and Social Science, will coordinate the work of professors in several departments for more effective undergraduate instruction in political science. It is hoped that this section, by centralizing a wide range of academic research and teaching in political science, will act as a focus for further development of the field at the Institute. The inter-departmental faculty of the Political Science Section already includes two senior professors from other departments of the School of Humanities: Dr. Karl W. Deutsch, professor of history and political science, and Dr. Walt W. Rostow, professor of history.

Dr. Padelford, professor of political science in the Department of Economics and Social Science, will hold the rotating chairmanship of the section for the first two-year term. He has been a professor at the Institute since 1944, when he inaugurated a senior course in international relations as a part of the new humanities program.

During World War II, Professor Padelford served as consultant at the Department of State in Washington, where he was intimately connected with the planning of United States policy on the establishment of the United Nations organization and the preparations of peace negotiations. In 1944, he was a member of the United States delegation to the Drum-barton Oaks Conference on International Organization; and, as Executive Officer at the San Francisco United Nations Conference, he had charge of the drafting of the statute

(Continued on page 5)

Without detailing specific uses for the large capital fund, Dr. Killian re-emphasized the long-standing athletic policy of the Institute. "This policy," he said, "seeks to maintain an athletic program which will serve our educational objectives and provide wholesome recreation. It will never make athletics an end in itself."

As in the past, Dr. Killian continued, we shall encourage a maximum degree of student participation in athletics, promote student responsibility in the management of athletics, and stress intramural sports while maintaining a vigorous but moderate program of intercollegiate competition.

The principal speaker at the convocation was the Right Honorable Clarence D. Howe, Canada's Minister of Trade and Commerce and Minister of Defense Production. A native of Waltham and a graduate of the Institute. Mr. Howe has long been a Canadian citizen and a leading public figure in the Dominion. Mr. Howe is also a member of the MIT Corporation, and

(Continued on page 6)

### Fassett Speaks At TCA Smoker

The Technology Christian Association will hold a smoker at 5:00 p.m. tonight in their office on the second floor of Walker. Dean Fassett will speak on the values of a social service activity for an MIT undergrad.

This year TCA has withheld its smoker until adequate jobs were made available to immediately require the help of prospective members. An effort is also being made this year to encourage coeds to participate in some of TCA's work.

To gain better communication between TCA and Institute living groups, each fraternity and dormitory has elected a TCA Associate Member as their representative. After their first meeting on Monday, October 3, these representatives will distribute a questionnaire in their living groups. This is designed to determine what use is being made of present TCA services and to encourage suggestions for more and better services.

Each year in conjunction with the Chandler School for Girls, the TCA sponsors an acquaintance dance in Walker Memorial. This year the affair will be on Friday evening, October 14.

The Red Cross Bloodmobile will again visit MIT on November 8, 9 and 10. Soon applications will be sent out for donors. Early registration is necessary for those minors who must have written parental permission to give blood.

### Dr. Stratton, Carnegie Committee Discuss University Of The Future

The pattern for the university of the future may have been established this past week.

Dr. Julius A. Stratton, vice-president and provost of the Institute, as a member of a Carnegie Corporation committee, took part in evaluating New York University's present organization and in recommending the directions it should take upon expansion. The results of the committee's two-year study were released Wednesday in an interim report entitled "NYU of the Future". With minor changes in text, the report might well be retitled "The American University of the Future".

Fully aware of the ever-increasing demand for college admission, the committee strongly urged expansion of NYU's present program. At the same time, the committee warned against sacrificing quality for quantity and recommended that a ceiling

be placed on the numbers of students permitted in certain fields.

To make the University a more cohesive entity, the committee recommended more crossing of departmental lines by increasing the number of all-university functions and activities, by creating an all-university standing committee on basic education, and by appointing an all-university dean of the faculties.

While seeking greater centralization in the upper echelons, the committee suggested greater diversification within the separate colleges and schools. In the College of Engineering, it desires a better balance between basic technical education. Further, it proposed a "Course XXI", a five-year curriculum to include more liberal arts and sciences.

Evidently, the trend toward the broadly-educated "whole" man continues.

## Calendar of Events

from October 5 through October 12, 1955

### WEDNESDAY, OCTOBER 5

Mathematics Department. Colloquium: "Characteristic Classes and Homogeneous Spaces." Professor F. Hirzebruch, Princeton University. Room 2-282, 4:30 p.m. Tea in Room 2-290 at 4:00 p.m.  
Inter-Varsity Christian Fellowship. Bible Study. Mr. Donald Rubb. Room 10-280, 7:00 p.m.  
Chemistry Department. Harvard-MIT. Physical Chemistry Colloquium: "A Study of Excited Electronic States by Polarized Photo-Oxidation." Dr. Andreas C. Albrecht. Harvard University, Mallinckrodt MB-23, 8:00 p.m.

### THURSDAY, OCTOBER 6

American Society of Civil Engineers—Student Chapter. Seminar on Modern Highway Drainage. Illustrated Lecture by Mr. A. J. Runnals, Armco Drainage and Metal Products Company. Room 1-390, 4:00 p.m.  
Physics Department. Colloquium: "Theories of Nuclear Fission." Professor David H. Frisch. Room 6-120, 4:15 p.m.  
Lecture Series Committee. Film: "Titanic," starring Clifton Webb. Room 10-250, 5:00, 7:30 and 9:30 p.m. Admission, 30 cents.  
MIT Railroader's Association. First General Entertainment Meeting of the year. "The Future Railroad." Mr. Patrick B. McGinnis, president of the New York, New Haven and Hartford Railroad. Little Theater, 5:00 p.m.

### FRIDAY, OCTOBER 7

Varsity Soccer Team. Match with Boston University. Briggs Field, 12:30 p.m.  
Mechanical Engineering Department. Seminar: "Simplifications of Strain Rosette Techniques." Professor William M. Murray. Room 3-270, 3:30 p.m.  
Coffee in Room 3-174 from 3:00 to 3:30 p.m.  
Freshman Soccer Team. Match with Medford High School. Briggs Field, 4:00 p.m.  
5:15 Club. Regular Meeting. 5:15 Room, Walker Memorial, 5:15 p.m.

### SATURDAY, OCTOBER 8

Varsity Sailing Team. Danmark Regatta. Sailing Pavilion, 1:00 p.m.  
M.I.T. Bridge Club. Duplicate Tournament. Baker House Cafeteria, 1:30 p.m.  
Informal Dance Committee. First dance of the term. Morss Hall, Walker Memorial, 8:00 p.m. Admission, \$1.00 per couple.

### SUNDAY, OCTOBER 9

Varsity Sailing Team. Danmark Regatta. Sailing Pavilion 10:00 a.m.

### TUESDAY, OCTOBER 11

Metallurgy Department. Colloquium: "The Segregation of Soluble Impurities at Metal Surfaces." Dr. R.S. Davis, Harvard University. Room 35-225, 4:00 p.m.

### WEDNESDAY OCTOBER 12

### HOLIDAY

M.I.T. Bridge Club. Team of Four Club Championship. Baker House Cafeteria, 1:30 and 6:30 p.m.  
Inter-Varsity Christian Fellowship. "A Christ Centered Life." Pastor Leiby of Rowley, Massachusetts. Room 10-280, 7:00 p.m.

### EXHIBITS

An exhibit of photographic salon prints by the Eastman Kodak Company of Rochester, New York will be on display in the Basement of Building 11

CALENDAR OF EVENTS (Cont. on page 3)

## after hours

by Michael G. Brunschwig '59

### October 7, Friday

Simmons—Alumnae Hall will be the site of the Annual Upperclass Acquaintance Dance. This "swing" will be stag, informal and reduce your budget by a mere 25c. Dancing starts at 8:30.

Northeastern—The 428 Marlboro St. Dorm has promised to have Open House for us on Friday. It sounds interesting so drop over at about 8 p.m.

### October 8, Saturday

MIT—The first IDC dance of the season will take place at 8 p.m. in Morss Hall, Walker Memorial. While the dance will set you back \$1.00 per couple, good music and low lights will provide great atmosphere.

Sargent—Will house its Acquaintance Dance to the melodies of a fine orchestra. Tickets will be sold at the door for the nominal price of 70c. Dancing from 8:30 to 12 midnight.

### October 9, Sunday

Brandeis—All dorms will be open for inspection from 2 to 5 p.m. Freshmen here's your chance!

## DORMCON ELECTIONS

Nominations will be made and elections held for the positions of Dormitory Judicial Chairman and Dormitory Social Chairman at the next meeting of Dormitory Council. This will be held at 7:30 p.m. in the Baker House Master Suite Lounge on Monday, October 10.

## APO RIDES

The MIT chapter of the scouting fraternity, APO, has started a ride service, to bring together those who want rides and those who want riders to the same area. The service will be used chiefly during vacation periods.

## reviews

## "Ulysses"

by Dick Teper '56

Several thousands of years ago one man, Homer, recorded the tale of Ulysses in such a manner as to immortalize both himself and his hero. Recently Paramount Pictures, Inc. assigned seven men to the task of writing a script suitable for the screening of this epic. Not expecting this mortal effort to approach the excellence of its source, the studio accepted the work without hesitation, and so produced "ULYSSES." Perhaps the lines of Homer were not up to the standard of present day writing. There is even an indication that the Ancient Greeks were victims of a slang not dissimilar to that which we use today. Democracy, however, obviously triumphed in this recreation. Each of the seven writers was given a number, the lines numbered from one to seven, and need more be said?

Filmed in Italy, "Ulysses" is a masterpiece of color photography and poor technical direction. The introduction appears on a beautiful color background which cleverly makes it difficult to read the words. Apparently these words are of little importance to the audience, because the film ends in this same test of eyesight. As soon as everyone is aware of the relevant circumstances, a sound track of dubbed English is brought forth, and the tale progresses. The characters' lips say one thing, their words another, but since all soon lose interest anyway this is not expected to annoy the viewer. Besides, the Ancient Greeks had never heard of the sub-title.

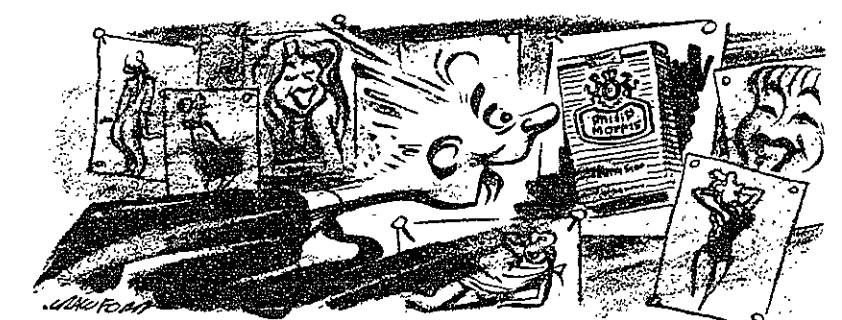

Kirk Douglas gives one of his poorest performances in the title role, and Silvana Mangano does only a little worse in the dual role of Circe the provocative witch and Penelope the faithful. Although both were considerably handicapped by sound technicians and script writers, neither could have hoped to approach the performance of the one outstanding character in the picture. The Cyclops was truly magnificent!

## HURRAY FOR THE RED, WHITE AND GOLD!

There's a new package on Philip Morris Cigarettes. It's red and white and gold and pretty as a picture. You'd never guess that behind anything so bright and cheerful is a saga packed with action and passion, with love and romance and not a few tears.

It started quietly enough. The makers of gentle Philip Morris, as hale a bunch of fellows as you ever clapped your eyes upon, got to talking last summer during their annual outing on Attu, a secluded and unspoiled island, often called "The Capri of Alaska." Capri, on the other hand, is often called "The Attu of Italy."

But I digress. I was saying that the makers of Philip Morris, jim-dandy fellows every man-jack of them, got to talking on their last outing. "Don't you think," said one maker to the other makers, "that our brown Philip Morris package, though in many ways terribly fetching, doesn't quite reflect the basic quality of today's Philip Morris—its happy gentleness, its jolly lightness?"

"Why, yes," replied the other makers to the first maker, "we do think that our brown Philip Morris package, though in many ways terribly fetching, doesn't quite reflect the basic quality of today's Philip Morris—its happy gentleness, its jolly lightness."

"Let us have the pack re-designed!" suggested the first maker, whose name is Laughing Ned.

"Yes, let us!" cried the other makers, whose name is Fun-Loving Tom. "Let us! Let us! Let us!"

The makers forthwith engaged the prominent firm of package re-designers, Sigafos and Associates. It was with full confidence that the makers entrusted the task to Sigafos and Associates, for Sterling Sigafos, the senior member, is known the length and breadth of the world as "The Grand Old Man of Package Re-designing," and his partner, Fred Associates, though a younger man, is everywhere regarded as a comer.

Sigafos and Associates began their job by conducting interviews from coast to coast to determine what kind of pack people wanted for Philip Morris. The partners could not do the interviewing themselves—Sigafos because of his advanced years; Associates because he is subject to motion sickness—so they sent our two trusted employees: Mr. Walker Nylet (Yale '51) and Miss Felicia Sigafos (Radcliffe '52), daughter of the senior partner. After canvassing the entire nation and tabulating more than 90 million interviews, Mr. Nylet sent the following communique to the home office:

"Dear Dad and Associates,

I call you Dad because Miss Sigafos and I discovered during our long and exhaustive survey that never were two people so admirably suited. We have accordingly been married and have accepted a position with the United States Government keeping the lighthouse off Gay Head, Martha's Vineyard.

I hope you are not too upset by this news. May I suggest you look at it this way: you haven't lost a daughter; you've gained a beacon.

Sincerely,

Walker Nylet"

Well sir, old Sigafos fumed for a while, but at last he calmed down and went to visit the newlyweds in their lighthouse, bringing them a suitcase full of twenties as a wedding gift. It was there he learned that people want Philip Morris in the red, white, and gold package which you are now, I trust, holding in your very own hand.

©Max Shulman, 1955

The makers of PHILIP MORRIS who bring you this column beg to remind you that for a while you'll still be seeing Philip Morris both ways—in the bright new red, white and gold package, and in the friendly familiar brown.

## CALENDAR OF EVENTS (Cont. from page 2)

through October 24. The exhibit will include Dye Transfer and Flexichrome prints.

- CAPEL  
Roman Catholic Mass at 7:55 a.m. Monday through Friday.
- Wednesday, October 5  
Episcopal Holy Communion, from 7:10-7:40 a.m.  
Morning Prayers, led by Professor Laurens Troost, at 8:35 a.m.  
Episcopal Holy Communion, from 5:10-6:00 p.m.
- Thursday, October 6  
Morning Prayers, led by Martin Fuller (Graduate Student) at 8:35 a.m.  
Greek Orthodox Service, from 5:10-5:30 p.m.
- Friday, October 7  
Roman Catholic Mass will be said by the Most Reverend Richard J. Cushing, D.D., Archbishop of Boston, at 8:00 a.m.  
Morning Prayers will be omitted as a courtesy to the Technology Catholic Club.  
Jewish Sabbath Service (Hillel), from 7:30-10:00 p.m.
- Saturday, October 8  
Jewish Sabbath Service (Hillel), from 9:00-10:30 a.m.
- Monday, October 10  
Morning Prayers, led by The Reverend Calvin S. Malefyt, Associate Minister of the Park Street Church, Boston, 8:35 a.m.  
Vedanta Service, from 5:10-6:00 p.m.
- Tuesday, October 11  
Morning Prayers, led by The Reverend Calvin S. Malefyt, at 8:35 a.m.  
Christian Science Organization from 5:15-6:30 p.m.  
Baptist Student Union, from 7:00-8:30 p.m.
- Wednesday, October 12  
(Morning Prayers and Episcopal Holy Communion will be omitted on the holiday.)  
The chapel is open for private meditation from 7:00 a.m. to 11:00 p.m. every day.

## CALENDAR OF EVENTS

Under a new plan of publication, the Calendar of Events will be distributed to the entire staff through the Institute's mails each Wednesday, with announcements for the following eight days. Notices should be in the editor's office, Room 7-204, not later than noon on Thursday prior to the date of publication. Material for the Calendar of October 12-19 is due October 6.

# 12 Freshmen Give New Look To Coeds; Women's Dorm Residents Give Opinions

by J. Philip Bromberg '56

This year's group of freshman coeds might well go down in history as the prettiest ever admitted to the Institute. The Freshman class contains a total of 12 coeds, seven of whom live at the women's dorm on Bay State Road; six of the seven were available at the time of this interview for *The Tech*. These girls have come from as far as Dallas, Texas, to take advantage of the educational opportunities offered here. They are favorably impressed with Tech, Techmen, and *The Tech* men.

Three of the girls came here intending to major in physics: Georgia Elaine Beane from Kingston, Mass., likes singing (she gave a short demonstration of her abilities in this field), dancing and painting (she claims to do "lousy landscapes"). Georgia intends to join the soprano ranks of the MIT Choral Society. Frances Edwards who hails from Little Falls, N. Y., likes skiing, being, reading, and watching (not participating in) sports. She is greatly distraught over the fact that people misspell her name using Francis instead of Frances. Carol Ann Diffey, a Texan from Dallas, does small enamel work, plays the piano, and has a big dog back in Texas.

Myra Jones, a course XVI girl,

from down in Newport News, Virginia, speaks with a strong southern drawl and pronounces her name "Mara". It would be of great scientific interest to get her into a conversation with one of our Swiss professors, the object being to see whether they could comprehend one another. Myra likes to play the piano, do fashion illustrating (she took art

lessons), and plays chess. She has one main fault to find with Techmen—they are not interested in baseball.

Phyllis Butts, a sportswoman from New Berlin, Conn., is planning to enter course IV-A. Phyllis goes in for mountain climbing, and hunting. Her present ambition is to kill a deer

(Continued on page 6)

Back row, left to right: Carol Ann Diffey, Frances Edwards, Phyllis Butts. Front row, left to right: Alice Hartley, Myra Jones, Georgia Elaine Beane. Way in front: Egbert.

A Texan named Ten-Gallon Pete  
Tasted Schaefer and roared to his feet:  
"This beer is as great  
As mah wonderful state!  
I'll take twelve dozen cases...toot sweet!!"

What makes Schaefer taste so good? Flavor... flavor that's light and lively, exciting and satisfying. Next time you're looking for the best in beer, pour some real enjoyment—Schaefer.

## For real enjoyment—real beer!

Schaefer on ice—refreshing, and so delicious! It's real beer! THE F. & M. SCHAEFER BREWING CO., NEW YORK

## Why Chancellor Adenauer reads The Reader's Digest

"In my country more than 500,000 people read the Digest in German each month. And they read not only about the people of the United States, but about the people of all nations. The Reader's Digest has forged a new instrument for understanding among men."

## In October Reader's Digest don't miss:

**ALL ABOUT LOVE.** How can we tell the difference between true love and physical attraction? Can we really fall in love "at first sight"? What makes us fall out of love? Scientist Julian Huxley brings you a biologist's view of our most complex emotion.

**THOSE CAMPUS MARRIAGES.** How do student marriages work out? Are young couples able to cope with studies and household chores? What happens when babies come along? Report on today's collegiates who promise to love, honor—and study.

**19-PAGE CONDENSATION FROM \$4.00 BEST-SELLER: "MY PHILADELPHIA FATHER."** Whether blue-blood Anthony J. # Favored Teams Dominate As Whitewashings Abound

by Bill Daly '58

Scores ran according to schedule in intramural football last weekend as most of the favored teams ran over their opponents without any difficulty. Thirteen of the fifteen games were shutouts with scores reaching basketball proportions.

In league one Phi Delta Theta swamped Course 17 40-0, Theta Delta Chi topped Theta Xi 20-0, Sigma Chi ran roughshod over Grad House Dining Staff 43-0, and Pi Lambda Phi bested the 5:15 Club 26-0. Next week Sigma Chi and Pi Lambda Phi meet with Sigma Chi a slight favorite.

In league two there were four more shutouts registered but the scores were slightly smaller. Delta Tau Delta took Phi Beta Epsilon 18-0, the Betas defeated Phi Kappa Sigma 20-0, and Kappa Sig won over the Student House 12-0.

## AEPI Upsets ATO

In one of the closest and roughest games of the day AEPI edged ATO 6-0 on a pass from Milt Ginsburg '57 to Phil Schaffer '59 late in the game. The decision doesn't stand as yet, however, as the game has been protested and must go before the Athletic Association. Both teams fought a tight defensive battle with injuries marring the contest. John Stelling '56, top ATO end, suffered a broken wrist and will be out for the remainder of the season.

Next week the Deltas will meet the Betas in a game which should prove to be one of the best of the season.

In league three Baker edged Phi Mu Delta 8-7, Sig Ep defeated Lambda Chi Alpha 19-0, and the Grad House-Chi Phi game was postponed.

## SAE Wins

A strong start and good defensive play in the second half high-lighted SAE's 26-0 win over East Campus in the other game in League three. In the first minute of play SAE's line, led by Al Bell '56, Pete Hohorst '57, and Bill Calvert '56, overwhelmed the inexperienced East Campus line and blocked a punt, with the first SAE score following closely. Two minutes later the hard charging SAE line broke through again to block a punt and when Dick Skavdahl '56, dropped a bad throw from center on an attempted punt play, SAE rolled to a 20-0 lead. Later in the quarter a 45-yard intercepted pass play made the score 26-0 and ended the scoring for the day. After the bad start East Campus finally caught fire and played great ball throughout the second half but the damage had been done.

The SAE-Sig Ep game should highlight the league three games next week.

In league four Sigma Nu edged TEP Club 6-0. DU outlasted Phi Kappa Sigma 20-12, and Theta Chi rolled over Phi Kappa 49-0 in the highest scoring contest of the weekend.

## Fijis Powerhouse Sammys

Tom Hoffman '56, out most of last year with injuries, returned to lead the Phi Gam team to a 38-0 victory over SAM. Outstanding line play also

highlighted the game for Phi Gam as Larry Andrews '58 and John Irwin '58 played a terrific game on defense. Art Wilkes '58, Bob Williamson '59, and Bruce Blanchard '57, led the passing attack for the victors as they caught three passes for touchdowns and several others for long gains. Phi Gam's showing was particularly impressive since they played mostly freshmen and sophomores and at one time had an entire freshman-Sophomore team on the field. Mike Brenner '57 was the standout for SAM.

Next week the big game in league four, and probably of the day, pits Theta Chi against Phi Gam in a game which should rate as a tossup.

Before you write a nasty letter or gripe about the biased coverage in this week's column, please look over the Bush Leaguer in the September 23 issue. The games that were covered well were the ones on which I had the information to cover them. Anyone wanting to send results in can call the paper on Sunday nights or drop them in the hole in the office door in the basement of Walker.

## FSSP Continues Work On Foreign Exchange

The Foreign Students Summer Project, a subcommittee of Insecomm's International Program Committee, is now organizing in preparation for the 1956 summer.

This summer, as in the past several summers, MIT will be host to approximately 60 foreign graduate students, who will study for the summer under a program financed by the Sloan Foundation and administered by the FSSP. FSSP members aid in selecting the students, administering the funds, and arranging the students' programs. They also go to Washington to clear the students with the State Department and the foreign embassies.

Students who work for FSSP are given Institute Scholarships and, if they are not commuters, free residence in the Graduate House.

The program, which was described by IPC chairman Bob Alter '56 as being 50% technical exchange and 50% cultural exchange, consists of twelve weeks of graduate study and preparation of a paper similar to a thesis as well as a two-week industrial tour.

MIT students who are interested in FSSP, either on a part-time or full-time basis, should contact one of the co-chairmen, Morton Rosenstein '57 or Kyu Lee '57.

For students interested either in FSSP or in the other activities of IPC, the raising of international awareness on the MIT campus and the integration of foreign students into the MIT community, IPC will hold a smoker Thursday, October 6 at 5:00 p.m. in room 2-290.

## Fall Sports Schedule

### VARSITY SOCCER

Coach: BEN MARTIN

Note: Heavy type indicates Home Games

October		
Fri. 7	Boston Univ.	12:30 p.m.
Tues. 11	Brandeis	4:00 p.m.

## Harriers Beaten By Dartmouth, BU

After going through all of last season undefeated in dual meets, the Beaver cross country team dropped two decisions in one running last Friday afternoon. It was the first meet of the season for the harriers, who have had only two weeks' practice. The meet, run in Franklin Park, consisted of dual meets between MIT, Boston University, and Dartmouth, all run at once.

The day was clear and good for running as the 31 entrants traversed the 4.1 mile track. Ray Smith '56, captain of the Beaver team, finished fifth in the overall standings with a time of 20.04. Ed Carter '58 and Dave Vaughn '57, followed in 7th and 8th place, respectively. Carter, last year's freshman captain, looked extremely good in his first varsity outing and should become a great runner.

Jon Walters '56, 47th in last year's Boston marathon, took 12th and Pete Carberry '57, Mike Kuckes '56, Johnny Ingraham '58, and Jack Mott '57, followed close behind.

Ingraham and Jack Raymond '58, were both running in their first race and showed up very well. Bob Solenberg '57 was missing from the engineer team due to an irrevocable conflict with classes, and his absence probably cost the team several points.

The final scores were: MIT, 30, Dartmouth 26, and MIT 32, B. U. 25, with Dartmouth edging B. U. in the other match. Coach Oscar Hedlund is looking forward to a much improved team in the coming meets as another week of practice should round the team into shape. This Friday the squad will journey to Providence where they will take to the paths against Brown, Harvard, and Tufts at 4:00 p.m.

## Balch Announces New Coaches For Pistol, Wrestling

Three wrestling coaches and a pistol coach have been named to the MIT staff by athletic director Richard Balch.

Varsity wrestling coach for the Engineers will be James Maloney, one-time B. U. captain from Newton. His assistant will be Edward Haddad, a judo expert from Lebanon, now living in Quincy.

A Malden physician, Dr. Frank Stella, will handle Tech's freshman grapplers. He assisted MIT's former varsity coach George Myerson in recent years.

The new pistol coach is Lt. Harry Crook, a member of the Air Force R.O.T.C. detachment at MIT. He is a Long Island native, graduate of Niagara University '47, who competed on area championship pistol teams in New York.

The trio of wrestling coaches brings a variety of mat experience to Tech. Maloney captained the B. U. wrestling team in 1940 and seven times has been the New England A.A.U. lightweight or heavyweight champion. He coached at Exeter in 1941-42.

Haddad has coached at the Boston Y.M.C.U. and Y.M.C.A. the past two years after leaving his native Lebanon. Ed taught judo to the police force in Lebanon and is a former Mediterranean area champion.

Stella is another former college captain (Tufts '30) who won N. E. Intercollegiate and A.A.U. titles at both 118 and 126 pound weights. In 1931 he went to the National finals in the 126 pound division.

## A. A. Announces Managerial Lack For Intramurals

Interested in sports but too lazy to get out and participate? Interested in sports but without enough skill to participate? Interested in sports? Interested? If any of these questions will produce an affirmative answer when addressed to you, the job for you has just appeared. Dave Pal-mountain '56, has announced that the athletic association needs men with an interest in any intramural sport to be managers and assistant managers. A sailing manager is particularly needed at the moment but openings are available in all other sports.

Men with experience or knowledge of the sport are needed but freshmen and sophomores can start now and work up to good jobs in the athletic association.

### Padelford

(Continued from page 1)

of the World Court. In addition, Professor Padelford has served as United States Delegate to the London Conference on European Inland Transport, and as Adviser to Secretary of State Byrnes at the Council of Foreign Ministers' London meeting on treaties of peace for the Balkan countries.

A graduate of Denison University, Professor Padelford holds the degrees of master of arts and doctor of philosophy from Harvard University, and in 1947 was awarded the honorary degree of doctor of laws by Denison University. Before joining the Institute faculty he served as professor and head of the Department of Government at Colgate University, and as professor of international law at the Fletcher School of Law and Diplomacy. He is the author of numerous books and articles, and makes his home in Winchester.

The steering committee of the Political Science Section includes Professor Padelford; Dr. Max F. Millikan, director of the Center for International Studies; Professor Karl W. Deutsch; and Dr. Ithiel deSola Pool, associate professor of political science in the Department of Economics and Social Science. The establishment of the section results from recommendations by an ad hoc committee studying the status of political science at the Institute under the chairmanship of Dr. Charles P. Kindleberger, professor of economics.

## beaver barks

by F. Helmut Weymar '58

The 1955 rules for Field Day as printed below were presented to Institute Committee for approval by Field Day Chairman Mickey Riess '57 last Wednesday. By and large, the rules show no radical changes from last year, with the exception of the greater emphasis placed upon the Purple Shaft, and the dropping of touch football from the Field Day schedule. The Purple Shaft, although it is retaining its one point scoring rating, has been given a more important position in the freshman-sophomore rivalry this year in that there will be two presentations previous to Field Day. Also, introducing a safety factor into the shaft situation, a rule was passed that no motorized vehicles be used in the presentation or possession of the shaft. This rule comes from an experience of last year, when a company of ROTC cadets was almost run down while helplessly standing at attention. The abandonment of touch football seemingly has come about due to lack of interest in the past. The specific rules of the crev-rags shall be decided upon by the coaches at a later date, depending on the condition of the crews.

### GLOVE FIGHT:

1. No objects except gloves and clothing on the person of contestants can be brought on the field without the approval of the Field Day Committee.

2. All gloves shall be kept on persons of active participation in the Glove Fight, who shall remain on the field during the entire duration of the fight.

3. Participants shall deposit the gloves captured in a barrel behind their own line. All gloves must be deposited in the barrel before the final signal if they are to count. A glove must consist of at least enough to be identifiable as one glove, to count. Destroying one's own glove shall not be allowed.

4. Each participant shall be wearing one glove at the start of the fight.

5. The contest shall last for fifteen minutes. Marshals and Ushers shall see that fair play exists at all times and that no fighting is allowed within ten feet of the two barrels.

6. The object of the glove fight is a rough and tumble, sportsmanlike competition between freshman and sophomores. Any strategy intended to defeat this purpose, at the judgment of the Field Day Committee, would result in forfeiture of the fight.

### SWIMMING:

1. The swimming meet shall consist of two relays, a medley and a free-style. The medley race shall be scored 5, 3, 1, 0, and the free-style shall be scored 8, 5, 3, 0. Each class shall have two teams entered in each event.

### FOOTBALL:

The football game shall be played according to the most recent rules (official) for Intercollegiate Football. The time of the quarters will be mutually agreed upon.

### RELAY RACE:

There shall be twelve men on each team. Each man shall run one-half lap (220 yards).

### TUG-OF-WAR:

The Tug-of-War on Field Day shall be limited to twenty-five men from each class. Each contestant shall pull in standing up position without artificial aids. The first pull of the Tug-of-War shall be held two weeks prior to Field Day, with as many from each class competing as turn out for the event. The second pull and the third pull (if necessary) will be held on Field Day.

### PURPLE SHAFT:

The Purple Shaft shall be awarded to the winner of the pre-Field Day Tug-of-War. The Purple Shaft must be presented by the present holder to a member of the opposing class before 10% of the opposing class. This must take place once in each of the two weeks prior to Field Day, starting within 24 hours after the Tug-of-War. No motorized vehicles may be used in connection with the possession and presentation of the Shaft. The Shaft must remain on MIT property, in Cambridge, and not in any living group. The class in possession of the Shaft at noon on Field Day shall be declared the final holder. No replica of the Purple Shaft will be allowed.

### SCORING:

Swimming .....	3 points
Crew Race .....	3 points
Relay Race .....	3 points
Tug-of-War .....	3 points
Football .....	4 points
Purple Shaft .....	1 point
Glove Fight .....	6 points

### I.D.C. DANCE

The Informal Dance Committee of Walker Student Staff will present its first dance of the term on Saturday, October 8, at 8 p.m. in Morss Hall. The admission is 1 dollar per couple.

## Charities Carnival Planned For Feb.

The first annual MIT Charities Carnival will be held February 18, it was announced by Philip Spertus '57 chairman of the Carnival steering committee. Institute Committee established the Carnival last spring and elected the steering committee chairman. Girls from six colleges will cooperate in the running of the Carnival. Plans are to have a group of girls from the cooperating schools work together with the individual dormitory and fraternity groups who will run the various booths.

The steering committee will be made up of several members from Tech and representatives from each of the participating girls' schools.

A smoker will be held this Wednesday, October 5 at 5 o'clock in the Student-Faculty lounge, Room 2-290 for all interested in working on the Carnival.

### Co-Eds

(Continued from page 3)

during the Thanksgiving vacation. The most common expression in her vocabulary seems to be "Are you crazy, man?" Alice Hartley, course IX-A from Easton, Conn., listens to records and has just become interested in sailing. She wants to start a girls' crew to compete against Vassar, Smith, and Wellesley.

The girls are well supplied with impressions of their new environment. Among their statements about the male population are: "Some are not too bad"; "We have quantity if not quality"; "Most Techmen are friendly"; and "Professor Ingard is cute".

Although the girls feel that the Institute is "huge" most of them are quite able to find their way around. One of the girls is faced with a paradox. She feels that her Humanities professor is quite good while her instructors in the science courses are below par. This she did not expect as she came here to study science not humanities. Another girl is greatly disturbed over the foul smells pervading the chemistry section.

### Convocation

(Continued from page 1)

other members of the Institute's Corporation attended the convocation as guests of honor.

Other speakers on the program were Dr. Martin J. Buerger, chairman of the faculty; Christopher J. Newton, president of the Undergraduate Association.

### Opera

(Continued from page 1)

neither he nor Ernesto are informed that it is a bogus wedding. Norina then proceeds to make life miserable for her "husband", and he is only too happy to be rid of her to Ernesto.
